A NOTE FROM COACH FAUSTIN

Dear Camper,

I would like to invite you to the 2015 Niagara University Women's Basketball Elite Camp. This camp is for players that want to compete at the college level and to experience what it is like being a Niagara Women's Basketball player and Division 1 athlete. Camp will focus on individual skills, fundamental reinforcement, college level workouts, and competitive games/contests. Campers will also get a chance to watch film and participate in a scouting report session. I welcome you to come be a part of a camp that will help prepare the elite level athlete for Division 1 basketball as well as experience the opportunity to compete against the best. Each player will have a chance to meet with and be coached by members of the Niagara Women's Basketball team and the entire coaching staff.

So be ready to have fun, sweat, work hard and elevate your game!

Hope to see you this summer,

Coach Kendra Faustin
Women's Basketball
