## Legal Briefs #2—Taking Flight with Drone Technology

Thursday, May 3 (5:30-7:30pm) @ the Partnership Offices

*Drone and non-drone users alike – how new regulations impact your life:* Delivering packages, capturing live events, surveying land and emergency response are just some of the many ways that drones are being utilized for business purposes. As this technology becomes more mainstream, new regulations are being enacted to try to keep up.

- **Guest Speaker:** Adam Lynch, expert in unmanned aircraft systems, with Harris Beach PLLC
