

Life After Graduation: How to be a Therapist in the World of Work

Dr. Gina Aguayo '98

April 18, 2023, 5-6pm (via Zoom)

Dr. Aguayo, a psychology alum, will discuss her life and work as a psychologist in private practice. She opened Bay State Counseling and Wellness Center in 2014 as a solo provider with a dream: she wanted to provide people with a safe and caring environment where they can receive support for the emotional, physical, and daily difficulties everyone encounters.
